

## ***PARK OF LIFE***

WITH THE PANDEMIC IN THE DEVELOPING WORLD, PEOPLE CAN SPEND A DIFFERENT TIME, FIND A PIECE OF THEIR OWN, CREATE A NEW SOCIAL ENVIRONMENT WHILE DOING ALL OF THESE.

WE ARE LANDSCAPE ARCHITECTS' MISSION TO Fulfill THEM AND TO INCREASE THE QUALITY OF LIFE BY INCREASING THE OXYGEN AMOUNT WITH SUITABLE PLANTS THAT WILL CREATE THE ENVIRONMENT BY SUPPORTING THE NATURE WITH MINIMUM CARBON Emission.

YOU KNOW THAT THE MOST IMPORTANT TOPICS OF THE LAST CENTURY ARE SUSTAINABILITY, SOCIAL LIFE AND LIFE FLOW RESULTING OUT OF CIRCULATION. RESULTS, WE REACH LIFE COMFORT.

REACHING THEM IS PROTECTING OUR ENVIRONMENT. COMING FROM RENEWABLE LIFE. IF NEEDED TO EXPLAIN ALL OF THIS, IT MUST BE TEACHED AGAIN. THERE IS ONE WORLD.

IN SUMMARY, THE AREAS I HAVE CREATED IN MY PROJECT, I HAVE CREATED AREAS THAT ARE ACTIVE IN TERMS OF CIRCULATION, FUNCTIONAL FOR OUR USE, ENTERTAINING WHILE LEARNING AND PROMOTING LIFE THROUGH SPORTS.

YOURS TRULY...
